

## Spay & Play Adventure

March 2020

Manzanillo, Mexico

Join us in the beautiful and safe oceanside town of Manzanillo, Mexico to make a huge difference in the lives of animals.

We will assist a large scale spay/neuter clinic and explore fun and adventure on land and sea in this lovely seaside town.

This is an amazing and rewarding experience for all animal enthusiasts as well as veterinary professionals and students. Veterinarians who have previously participated tell us that this is one of the highlights of their careers.

### What You'll Do

Volunteers will work in hands-on animal care in a local mass spay/neuter clinic by assisting in the health and welfare of the patients and their owners

before and after surgery. Some of your activities may include:

- Setting up clinic equipment
- Checking in clinic patients
- Monitoring patient recovery
- Cleaning kennels
- Walking and feeding dogs

You may also have the opportunity to adopt or transport a rescue dog to homes in your country of residence.

### Where You'll Stay

Enjoy local family-owned lodging right on the ocean with our own private beach. Our posada is a unique, authentic and charming place featuring handmade furnishings, antique chests and colorful Mexican rugs. The grounds offer a stone courtyard surrounded by lush tropical foliage, multi-colored bougainvillea and swaying coconut palms.

### Trip Options and Pricing

- Seven day trip - \$895
